AUTO SHEEN

ALL NATURAL & ECO-FRIENDLY VEHICLE CLEANER

Nature's Solution to Cleaning Vehicles

Formulated Specifically for Fleet Cleaning:

Autos, Trucks, Planes, Boats, Buses, Motorcycles & Trains

A New Concept in Cleaning

EcoStar Auto Sheen provides the cleanest finish possible through its natural biocatalytic action. This breakthrough in cleaning technology was first developed for high tech clean rooms that had to be filtered clean down to .04 microns. Made from kelp and other natural ingredients, EcoStar Auto Sheen's strong cleaning action is due to the unique synergistic action of four components: a bacterial stimulant, a biodegradable active surface agent, a chelating agent and a suspending agent. A natural bio-catalytic liquid concentrate, EcoStar Auto Sheen is an effective, safe and economical vehicle cleaner designed to replace toxic and environmentally unfriendly vehicle cleaning products.

EcoStar Auto Sheen has an indefinite shelf life. Stored in a cool location in closed containers, it will not evaporate, deteriorate or otherwise lose its effectiveness. Storage in areas where temperatures reach or exceed 110°F for extended periods will reduce product effectiveness. Storage in cold climates will not affect the product's performance.

Product Details

- **Thoroughly Cleans Vehicle Surface:**
Penetrates pores, bringing dirt and grease particles to the surface to be washed away
- **Leaves No Residue:**
Removes the grease buildup that attracts dust and grime and prevents released dirt and dust cells from re-depositing on surfaces
- **Remains Cleaner Longer:**
Vehicle will look much cleaner to the naked eye and will maintain that clean look much longer as there is no surface tension left to collect new road film, dust and dirt
- **Safe for Vehicle Surfaces:**
Will not corrode metal surfaces
- **Easy to Use:**
Can be sprayed, brushed or wiped, and rinses quickly and easily
- **Safe and Cost-Effective:**
Designed for anyone seeking an environmentally safe, cost effective method of maintaining ultra-clean vehicles
- **Nonflammable and Long Shelf Life:**
Safely used around open flames, store below 110°F in shade in sealed container
- **All Natural Ingredients:**
No phosphates, no nitrates, no VOCs, and no flash point
- **Safe for People and the Environment:**
Nontoxic and non-irritating to humans, animals, marine life and plants

Applications

- **Cleaning Surfaces:**
Spray, wipe or brush the surface. For stubborn street films, keep the surface moist to encourage the bacterial digestion of the film. Rinse well with clean water to remove suspended particles.

Dilution Guidelines

- **Heavy Cleaning and Degreasing:**
1 part Sheen / 10 parts water up to full strength Sheen
- **Vehicle Cleaning:**
1 part Sheen / 25 parts water

Physical Properties

Form	Liquid
pH	5.0-6.0
Specific Gravity	1.02
Appearance	Dark Brown
Boiling Point	Water
Flash Point	None
Shelf Life	3+ Years*
Fuming Properties	None
Biodegradable	Yes

* if kept in sealed container, stored in shade and not exposed to extreme heat (over 110°F) for prolonged periods of time.
