CARPET & UPHOLSTERY

ALL NATURAL CARPET AND UPHOLSTERY CLEANER

The Natural, Nontoxic, & Effective Way to Clean Carpets

Formulated Specifically for Cleaning Carpets and Upholstery Without Using Chemicals

A New Concept in Cleaning

EcoStar Carpet & Upholstery is a specially blended surfactant with unique synergistic action of components in surface cleaning. Made from kelp and other natural organic ingredients, EcoStar Carpet & Upholstery's strong cleaning action is due to the unique synergistic action of three components: a biodegradable surface wetting agent, a chelating agent and a suspending agent. A natural biocatalytic liquid concentrate, EcoStar Carpet & Upholstery is an effective, safe and economical carpet cleaner designed to replace toxic and environmentally unfriendly carpet cleaning products.

EcoStar Carpet & Upholstery has an indefinite shelf life. Stored in a cool location in closed containers, it will not evaporate, deteriorate or otherwise lose its effectiveness. Storage in areas where temperatures reach or exceed 110°F for extended periods will reduce product effectiveness. Storage in cold climates will not affect the product's performance.

Product Details

- **Thoroughly Cleans Carpets:**
Penetrates deeply, bringing dirt and grease particles to the surface to be washed away
- **Removes Most Types of Stains**
This multi-enzymatic, biocatalytic agent is derived from food grade kelp and other natural ingredients
- **Leaves No Chemical Residue:**
No chemical residue is left on carpet fibers or in the carpet padding, unlike chemical cleaners
- **Aids in Removing Pet Odors and Other Odors**
- **Remains Cleaner Longer:**
Carpets will look much cleaner and will maintain that clean look much longer as there is no residue left to collect new dust and dirt
- **Easy to Use:**
Can be used with conventional carpet cleaning machines, and sprayed, brushed or wiped when used to remove spots, and rinses quickly and easily
- **Requires No Special Handling or Disposal:**
There are no toxic chemicals, so no special storage, handling or disposal is needed
- **Low Temperature Cleaning:**
90-110°F
- **Environmentally Safe and Cost-Effective:**
Designed for anyone seeking an environmentally safe, cost effective method of maintaining ultra-clean carpets
- **Safe for Children and Pets:**
Contains no chemicals and leaves no chemical residue behind that is harmful to children or pets
- **Nonflammable and Long Shelf Life:**
Safely used around open flames, store below 110°F in shade in sealed container
- **All Natural Ingredients:**
No phosphates, no nitrates, no VOCs, and no flash point
- **Safe for People and the Environment:**
Nontoxic and non-irritating to humans, animals, marine life and plants

Applications

This product may be used on all types of carpets and floor coverings. We have found no harmful effects to carpet, coverings or padding if used as directed. Consult manufacturer of carpet or covering for special instructions or care if needed.

Dilution Guidelines

- **For Steam or Brush Type Machines:**
Add 1-2 ounces of EcoStar Carpet & Upholstery per gallon of water to soap tank and follow manufacturers directions for use of machine. If de-foaming agent is used, add agent to catch tank, not the soap tank as foaming action is a part of the cleaning process.
- **For Extra Dirty Carpets or for the Eradication of Strong Pet Odors:**
Either more product may be used or a second cleaning may be needed.
- **For Spot Cleaning:**
Use EcoStar Carpet & Upholstery undiluted in spray bottle or applied to cloth, then rinse with damp cloth. A soft brush may also be used in cleaning to aid in spot/stain removal.

Physical Properties

Form	Liquid
pH	5.0-6.0
Specific Gravity	1.02
Appearance	Dark Brown
Boiling Point	Water
Flash Point	None
Shelf Life	5+ Years*
Fuming Properties	None
Biodegradable	Yes

* if kept in sealed container, stored in shade and not exposed to extreme heat (over 110°F) for prolonged periods of time.
